

These are a few “base” prices for a few of the items I make in the saddle shop. Base price means for an average size item and does not include extras such as tooling, rawhide work, silver etc. but does include the very best quality leather and hardware and will be made to fit and last.

Custom-made Saddles	\$3300
Breast Strap	\$125
Saddle Bags	\$165
Headstall & Reins	\$80
Gun Scabbard	\$190
Batwing Chaps	\$265
Chinks	\$250
Shotgun Chaps	\$285
Knife Sheath	\$25
Cell Phone Case	\$30
Hobbles	\$58

These are an example of what I make here but there are many variations of each item since this is a “custom” saddleshop and I will make your order whatever way you want it.

Also, there is a lot of tack and horse related items here in the store ready to go such as cinches, pads, blankets, bits, spurs, dewormer, etc. I also do all types of western repairs and make and sell pack equipment as well.
